How much are Metro fares and how do you use SmarTrip?

Metro fares are calculated by how many stops you travel and vary during peak and off-peak hours. During peak hours, most fares range from \$2.25 to \$6 per trip. During off-peak hours, fares typically range from \$1.85 to \$3.85.

Metro riders must pay via [SmarTrip card](#) or the [SmarTrip app on iPhone and Apple Watch](#). SmarTrip cards are plastic, rechargeable fare cards that can be purchased by cash or credit at any Metro station or in advance on wmata.com. You can calculate your fare between two stops using Metro's [Trip Planner](#).

The SmarTrip app can be used anywhere the SmarTrip card is accepted, including rail, buses and Metro-operated parking lots. Metro is the first rail system in the U.S. to offer a full-service, touch-free payment option at every single stop.
